MISSISSIPPI REGULATIONS

TITLE 11: DEPARTMENT OF ENVIRONMENTAL QUALITY PART 2: AIR REGULATIONS

Chapter 9: Mississippi Commission on Environmental Quality Regulations for Lead-Based Paint Activities

Rule 9.3 Accreditation of Training Programs.

C. Requirements for the Accreditation of Training Programs. For a training program to obtain accreditation from the Commission to offer lead-based paint activities courses, the program shall meet the following requirements for each discipline for which the program is seeking accreditation:

(1) The training program shall employ a training manager who has:

(a) At least 2 years of experience, education, or training in teaching adults; or

(b) A bachelor's or graduate degree in building construction technology, engineering, **industrial hygiene**, safety, public health, education, business administration or program management or a related field; or

(c) Two years of experience in managing a training program specializing in environmental hazards; and

(d) Demonstrated 2 years of experience, education, or training in the construction industry including: lead or asbestos abatement, painting, carpentry, renovation, remodeling, occupational safety and health or **industrial hygiene**.

(2) The training manager shall designate a qualified principal instructor for each course who has:

(a) Demonstrated experience, education, or training in teaching workers or adults; and

(b) Successfully completed the initial and prerequisite training course requirements of the EPA-accredited or EPA-authorized State or Tribal accredited training course to be taught; and

(c) Demonstrated experience, education, or training in lead or asbestos abatement, painting, carpentry, renovation, remodeling, occupational safety and health, or **industrial hygiene**.
